

ADAM UP GAMES: Cross the Bridge

ADAM UP GAMES: Cross the Bridge

Skill: Evens and odds

Players: 2-4

Equipment: A dice, counters (1 per player)

Mission: You need to cross the bridge. Can you make it before the bridge collapses?

How to play:

1. Roll the dice to move along the bridge.
2. If you land on an even number, you are safe.
3. However, if you land on an odd number, the 'Oddtopus' will move you back three spaces. The path will collapse after 10 rolls of the dice. Good luck!
