ADAM UP GAMES: Rocket Fuel

Skill: Percentages of Amounts

Players: 2

Equipment: Dice, gameboard (one copy per player), pencil

Mission: The rockets have no fuel and need filling up. Who will fill their rocket up first?

How to Play:

1. Players take it in turns to roll the dice.
2. They follow the instructions:

Roll	Fill
1	100% of a tank
2	75% of a tank
3	50% of a tank
4	25% of a tank
5	10% of a tank
6	5% of a tank

3. The game ends when a player fills all three fuel tanks. If neither player has filled all three after ten rolls each then the player with the most fuel wins.

Note. Fuel cannot spillover from one tank to the other. If a player cannot go, they miss their turn.
